

## NEWSLETTER August 2015

### COMMODORE'S CORNER

---

Greetings Members,

This year sure is flying by.

Last Sunday, we had a successful AGM, with over fifty members attending.

Bo from Wairarapa Hunting & fishing donated a "grouse" Chilly bin as a door prize, she was present to give the prize to David Blainey, the lucky winner....Please remember that Wairarapa Hunting & Fishing are our major sponsor, & if you present your Puke membership card when purchasing gear from them, you get a 10% discount off your purchase, plus the club receives credits, that go towards prizes donated from Hunting & Fishing....(since last November until now, our members have spent over \$ 7,000 at the shop,)

The business side of the meeting went well, Shane Hartnell & John Crawford retired from the committee, both have been valuable members, especially Shane, who has been on the Committee for quite a few years, thankyou to you both....I welcome David Blainey & Owen Riddell who have joined our committee, thankyou for putting your hands up for the job guys, it is great to have new blood in our ranks.

I would also like to thank the committee , for all the hard work & time, put into running the Club, the guys who behind the

scenes are making sure the tractor is all go, we have got firewood to cut & sell..getting all the "Ducks in a row" in preparation for our Puke Fishing Challenge in November..organising fishing Charters.....all the jobs that add up to a well organised & successful club....and of course, none of this would be possible without Don "Hohepa" Finlayson, our Secretary/treasurer, who dots all the "i's" & crosses all the "T'S"....on behalf of the Club Don, thankyou so much for your tireless work...(most of it out of sight), plus the support you have given me this last year, you're a legend!

Right, onwards & upwards, we're into our new season, & I'm sure, like me, most of you are hanging out to get on the water & go fishing!....please make sure you get your subs payed asap, not just The Puke Subs, but the Cape Palliser Marine Radio membership fees...(we rely so much on this Association for our general communication, but more importantly, when the shit hits the fan, they are your first avenue for assistance)

Please check the Club card with important dates, so you can get to the club days & functions, we have the Ngawi fishing Challenge coming up on the 10<sup>th</sup> of October..(the 10<sup>th</sup> & 11<sup>th</sup> is our club weekend also) not only is this good for fishing (if conditions allow?) but it is a great

Social event....(the Ngarwegians enjoy abit of Friendly” banter”).....The Pukemanu Open the beginning of Nov...(first weekend after the Melbourne Cup).....Club Christmas Party late November are other dates to remember & make note of.

Don has been organising a Web Site for the Club, & it isn't far away, so watch this space.

Finally, I wish you all well for the coming season, I want to hear from anyone with positive ideas on how to improve the club & how it functions, as we all know, We are blessed with the best coast in NZ. (when its not Southerly!!!) so let's get out & Enjoy it!

Mark “Wiremu” Telford

A young ventriloquist is touring the clubs and, one night, he's doing a show in a small town in Tasmania. With his dummy on his knee, he starts going through his usual dumb blonde jokes.

Suddenly, a blonde woman in the fourth row stands on her chair and starts shouting,

"I've heard enough of your stupid blonde jokes. What makes you think you can stereotype women that way? What does the colour of a person's hair have to do with her worth as a human being? It's men like you who keep women like me from being respected at work and in the community, and from reaching our full potential as people. You and your kind continue to perpetuate discrimination against not only blondes, but women in general...

pathetically all in the name of humour!"

The embarrassed ventriloquist begins to apologize, and the blonde yells, "You stay out of this mate! I'm talking to the little smart arse on your lap!"

### **SUBS ARE NOW DUE**

Subs are to remain the same as last year: Adult \$50.00 discounted to \$40.00 if paid before 14 September 2015

Children Free when a family adult parent/grandparent or guardian is a member of the club (Children age 16 and under).

Intermediate is half the adult rate ie, \$20.00 or \$25.00 dependant on when paid like the adult. ( Intermediate age is from 18 years to junior age upper limit 16).

Tractor key is \$50.00 for the year. Please return your key to Don for re-allocation if you don't wish to renew the key fee.

Bank A/c details for direct credit are as follows: **BNZ 02-0680-0037359-00**

Please ensure you put you as member, details on deposit and where possible please email Don at [pbfcinc@gmail.com](mailto:pbfcinc@gmail.com) to let him know you have done so and any changes of address etc or your cards etc won't be getting to you.

If any member is not a paid up financial member form the end of September 2015 he/she won't be entitled to enter club events.

Discussion was had by our new committee regarding the eligibility of junior members to win end of year awards in the overall top three anglers awards. This occurred in this years awards with Stacey Riddell scoring a third placing in the overall awards displacing his mother.

The committee decided that even though a junior has won the top category in the junior awards he/she is still eligible in the overall winners awards at the AGM.

The committee believed the fact a junior puts in the effort to get sufficient points to displace an adult is worthy of recognition and deserving of the placing achieved.

This however doesn't carry over to our H&F Pukemanu Fishing Open where the adult section is run separately to the junior section and each has it's own separate prizes.

POOR FELLOW – BUT VERY FUNNY.

This is even funnier when you realise it's real..!!!!  
Next time you have a bad day at work think of this  
guy.

Bob is a commercial saturation diver for Global  
Divers in Louisiana

He performs underwater repairs on offshore  
drilling rigs.

Below is an E-mail he sent to his sister.  
She then sent it to radio station 103 .5 on FM dial  
in Indiana, who was sponsoring a worst job  
experience contest.

Needless to say, she won.

Read his letter below...

~Hi Sharon,  
Just another note from your bottom-dwelling  
brother.

Last week I had a bad day at the office.  
I know you've been feeling down lately at work, so  
I thought I would share my dilemma with you to  
make you realise it's not so bad after all.

Before I can tell you what happened to me, I first  
must bore you with a few technicalities of my job.

As you know, my office lies at the bottom of the  
sea. I wear a suit to the office.

It's a wet suit.

This time of year the water is quite cool.

So what we do to keep warm is this: We have a  
diesel powered industrial water heater.

This \$20,000 piece of equipment sucks the water  
out of the sea It heats it to a delightful temperature.

It then pumps it down to the diver through a garden  
hose, which is taped to the air hose.

Now this sounds like a darn good plan, and I've  
used it several times with no complaints.

What I do, when I get to the bottom and start  
working, is take the hose and stuff it down the back  
of my wet suit.

This floods my whole suit with warm water. It's  
like working in a Jacuzzi.

Everything was going well until all of a sudden, my  
butt started to itch. So, of course, I scratched it.

This only made things worse. Within a few  
seconds my ass started to burn

I pulled the hose out from my back, but the damage  
was done.

In agony I realized what had happened.

The hot water machine had sucked up a jellyfish  
and pumped it into my suit.

Now, since I don't have any hair on my back, the  
jellyfish couldn't stick to it, however, the crack of  
my ass was not as fortunate.

When I scratched what I thought was an itch, I was  
actually grinding the jellyfish into the crack of my  
ass. I informed the dive supervisor of my dilemma  
over the communicator.

His instructions were unclear due to the fact that  
he, along with five other divers, were all laughing  
hysterically. Needless to say, I aborted the dive.

I was instructed to make three agonizing in-water  
decompression stops totalling thirty-five minutes  
before I could reach the surface to begin my  
chamber dry decompression.

When I arrived at the surface, I was wearing  
nothing but my brass helmet.

As I climbed out of the water, the medic, with tears  
of laughter running down his face, handed me a  
tube of cream and told me to rub it on my butt as  
soon as I got in the chamber.

The cream put the fire out, but I couldn't shit for  
two days because my ass was swollen shut.

So, next time you're having a bad day at work,  
think about how much worse it would be if you had  
a jellyfish shoved up your ass.

Now repeat to yourself, 'I love my job, I love my  
job, I love my job.'

Whenever you have a bad day, ask yourself, is this  
a jellyfish bad day?

May you NEVER have a jellyfish bad day! !!!!

Life isn't tied with a bow, but it's still a gift.

Remember, too: It was also a BAD DAY for the  
jellyfish!

Some committee members went to Sandy Bay recently for a working bee , they made preparations for a filleting table, as well as giving the markers a new coat of paint. There have been some reflective markers to install inside those and these should be in place anytime, along with a new sign promoting our Club and CPMRA. ( A sample shown at end of the newsletter )

PLEASE NOTE that boat launching at Ngawi is still no good due to the beach conditions, so please check before you drive out there to fish. Remember that our tractor is not to be driven on the road to launch elsewhere, so we ask our key holders to be patient until the beach improves or an alternative is sorted out.
