

NEWSLETTER JULY 2016

COMMODORE'S CORNER.

Greetings Members

Well it's over!.....Duck shooting season has finished....the reason I know this is, Paul Catt has got a face as long as "Mr Ed".....the highlight of his year is over, & now he has to turn all that duck meat into sausages.....(bloody good sausies they are too.).....anyway, enough stirring Paul up....

Two weekends back, we had a double working Bee out at Ngawi..... work on the Beach Tractor Was started & will be completed this weekend, thankyou to George, Butch, Ray & Heath. The second effort concentrated on installing a large fillet table on the beach head, just west of Ian Warren's bach. (see attached photos in Newsletter) We had a great turnout & the result was awesome. It was also great to see a few non-committee guys turn up to help, thankyou Warwick , Terry & Ian.. you deserved the sausies & cold beers after the job..thankyou also Warwick for the use of your bach for the "after match meeting"

...A big thankyou to Jamie & Ray from Ticehurst Timber in Carterton for the donation of the Mac slab for this job, it is a beauty....(this is the second slab the boys have given the club, the first is at Sandy Bay & is very well utilised by our club & the public)..We hope the Ngawi table will be as well used as the one at Te Awaite.

MPI are proposing a CRA4 Multi Stake holder meeting in Masterton on 20th July....The focus of the meeting will be to discuss the future management of this fishery & forming a new management/decision rule for use in the future catch limit setting. Gary Warren & I will represent the club at this meeting & I will report back to the club at our AGM.

Any members who would like to make themselves available for the committee, your chance is coming up, our AGM Sunday 24th of July 10 o'clock start at the Pukemanu Tavern ...it would be great to see you all there, the election of committee etc. & Prize giving usually is "done & dusted" in half an hour, then we can socialise, have a few drinks & eats on the club. There will be a door prize, once again donated by our Major Sponsor, Bo at Wairarapa Hunting & Fishing, plus the usual Raffles.....this is a great day & I look forward to seeing you there.

I would also like to thank Trust House for their much appreciated support this past year, thankyou Allan Pollard & Jerry Crump.

I would like to thank my committee for their support this past year, they are a great group to work with. The effort & team work by these members is reflected in the well found & healthy club we have today. Don Finlayson has made my job so much easier with his eye for detail & diligence, thankyou Hohepa....Ali Wedderburn is retiring from the Committee after numerous years as part of that team, Ali is always one of the first guys to help out, whether it be a working bee, selling raffles at the AGM setting up the tent for our Competition.....Thankyou Ali.....Of course Liz & Gaffer , our weighmasters are a big part of our club, thankyou so much for the effort you both put in & the time to make yourselves available to weigh our fish.

For those of you lucky enough to get out on the water, be safe & good fishing.

See you at the AGM...

Sincerely,

Wiremu Telford
Commodore

Pukemanu Boating & Fishing Club AGM.

Our AGM is to be on July 24th commencing at 10am sharp at the Pukemanu Tavern. The same format as other years, refreshments and finger food will be served after the meeting and prizegiving. Please support your club and come along.

REMIT FOR 2016 AGM at Pukemanu Tavern 24 July 2016

The committee would like to discuss and ratify the eligibility of electric fishing reels for our club fishing rules and for the Pukemanu Fishing Open taking place in November of 2016.

REMITTS WOULD READ AS FOLLOWS: CLUB RULES AMENDED TO READ:

Club members are allowed the use of electric fishing reels with no requirements from that member to justify the use of the electric fishing reel. (Member's should note that should they wish to weigh any fish for IGFA trophy status then their rules on this matter are required to be followed to be eligible) This includes their use in the Pukemanu Open Fishing Competition by all entrants that wish to use them.

COMMITTEE's recommendations are based on the following committee discussions:

Electric fishing reels are available for everyone to purchase and use allowing use in deeper waters.

The use of such helps older fishing members with medical and age reasons to take part in our club activities.

The use of these reels really only affects a small section of deep water fish such as blue nose, groper within our clubs fishing species.

Other fishing aids such as depth sounders, GPS and fish finders are not subject to any eligibility rulings and are probably more likely to assist fishermen across the board than electric reels. They are also similarly priced. The price of purchasing these items is now within most fishermen's financial budget.

2 June 2016**

There is now a filleting table at Ngawi check out the photos.

The Workers.

The Overseer (Hands in Pockets)

The top being installed

Thanks to Ticehurst Timber in Carterton for the Mac Slab, Farmlands Greytown for the strainer posts, and to the committee and club members who put it all together.

June Club Results

1st John Leveridge

2nd Colin Robinson

3rd Charlie Baldwin

Average Angler: Charlie Baldwin

Average Blue Cod: Colin Robinson 1.455

Average Terakihi : Charlie Baldwin 1.312

Penn Knives

Penn's new range of fillet knives features ergonomic non-slip handles that provide excellent grip when your hands are wet. Blades are made from German stainless-steel with a black nickel/titanium coating, creating a highly-corrosion-resistant blade with a 26-degree cutting edge. Available in five blade lengths and styles, each knife is supplied with a moulded sheath with swivelling belt clip and drain-holes. Distributed by Pure Fishing NZ and available through stockists nationwide.

NEXT COMPETITION DATE:

9TH-10TH July

Tarakihi:	Gary Warren	2.775 kg
Trevally:	Mary Edwards	1.72 kg
Trumpeter:	Gary Warren	4.95 kg
Tuna:		
Game Fish:		

A man goes to see a wizard and says, "Can you lift a curse that a priest put on me years ago?" "Maybe," says the wizard, "Can you remember the exact words of the curse?" The man replies, "I pronounce you man and wife."

Better tasting fillets

Most of us skin our fish as a part of the filleting process. If you're not into eating whole fish, then scaling fish is a messy and unnecessary process, isn't it? Well, no. The fact is most fish taste better with the skin left on. It cooks better, too. Most of a the fat in fish flesh is right under the skin; skinning the fillet removes the fat making the fillet prone to drying out when cooking. Dry fish like snapper and hapuku especially benefit from cooking skin side down and even oily fish like kahawai or tuna are better cooked with the skin attached to the fillet. Scale the fish before filleting and preferably before gutting it. Then treat the fillet in the normal way, boning it our as you would normally. Always cook the fillet skin side down first. Make a few gashes in the skin to stop the fillet curling in the pan and slide it into a medium hot pan with a splash of olive oil. Finish the fillet flesh side down and present it this way on the plate, too. The end result is delicious, the skin often crispy and the flesh moist and juicy. Try it.

Sandy Bay.

Apparently the front marker at Sandy Bay has fallen down. Member Neil Davies has tied it up temporarily, but take care launching until it can be repaired more permanently.

Tractor.

As reported by Commodore Mark the Tractor at Ngawi should be up and running, but it would pay to call either George or Butch before trekking out there with your boat and finding out it is not ready.

George. 0274548664

Butch. 0272857012
